In this post, Learn more about PA2030A.

Partnumber : PA2030A (= TDA7850, TDA7388)

Functions : AB Class Audio Power Amplifier, MOSFET IC Power Amp

Pacakge : Flexiwatt25 IC Chip

Manufactures : Pioneer

Image

Description

The fully complementary P-Channel / N-Channel output structure allows a rail to rail output voltage swing which, combined with high output current and minimized saturation losses sets new power references in the car-radio field, with unparalleled distortion performances.

Features

1. MOSFET output power stage
2. Excellent 2 driving capability
3. Hi-Fi class distortion
4. Low output noise
5. ST-BY function
6. Mute function
7. Automute at min. supply voltage detection ST-BY function
8. Mute function
9. Automute at min. supply voltage detection
